Dear Mrs. Manley:

On Friday I started to Newark to talk with you about the sale of the magazines in the Newark park as per our conversation, but regret that I was unable to get any further than Philadelphia, where I stopped to talk to the people at Shibe Park. I am happy to say that I arranged to put them on sale at Shibe Park under the park supervision beginning Wednesday when the four-team twilight twin bill is scheduled.

When I completed the deal it was about 8:15 p.m., and I knew that it would have been almost impossible to reach Newark in time to do any business for the sale of the magazines that night, so inasmuch as the Eagles are not at home again for several weeks I altered my plans. However, I am still anxious to get that sale privilege at Newark when the Eagles return inasmuch as I would like to establish contact at all the National Negro League parks so that in future seasons when the magazine is published, it will be well known and an established part of the baseball program.

In this connection, I am requesting that you forward me a copy of the August home schedule of the Eagles, so that I may make plans to come to Newark three or four days in advance of the next home game and talk to the people in charge.

As soon as the printer forwards me my new order of copies I shall put some in the mail for you. Thanks very much for your aid in this matter, and I look forward to seeing you soon, possibly in Chicago next week.

Best regards to Abe and the boys.

Yours sincerely,

Art Carter
